## **COMPANY STRUCTURE** KEBSON INTL.LTD COMPANY

was founded in 1994 on the basis of cooperation and investment of 36 experienced companies which all were members of the Iranian syndicate of Mechanical, Electrical, and Industrial contractors. The fields of activities of these contractors were the execution of whole or some phases of industrial and non-industrial projects, such as project management, engineering, procurement, construction and commissioning. Therefore KEBSON INTL.LTD COMPANY has been established in order to meet market demands and step into large-scale industrial projects, particularly in petrochemical fields. The company enjoys the services of professional experts in various fields of expertise, all with long experience renowned in Iranian engineering and contracting companies. KEBSON INTL.LTD COMPANY is tailored to identify the specific needs of customers and to meet them in the most possible professional way. Today, independently acting with a strong body of educated and experienced personnel. KEBSON INTL.LTD COMPANY has been successful in keeping abreast of the changing business environment in Iran. Broad scope of engineering and construction services in fields such as petrochemicals, oil & gas, and power plants are covered by KEBSON.
